

VIRTUAL BUSINESS PLATFORM

NEW DIMENSION OF HYBRID AND ONLINE MEETINGS COMMERCIAL PROPOSAL

THE VIRTUAL BUSINESS PLATFORM

is a complete and modular system for organizing events (fairs, congresses, conferences, presentations, etc.), based on experience from the MICE market and in cooperation with the Ministry of Development.

THE VIRTUAL BUSINESS PLATFORM

has been designed to be user-friendly at every stage. The interface has been written with the end user in mind, making it intuitive and easy to use. Additionally, at each stage, it is possible to contact the administrator who will help with any problems.

THE VIRTUAL BUSINESS PLATFORM is:

- intuitive
- easy to use
- available on any device | computer, notebook, smartphone
- ready to use with no additional software installation required

MATCH-MAKING

Acquiring new contacts

DISPLAY

Getting to know products/services

STREAMING

Expanding knowledge

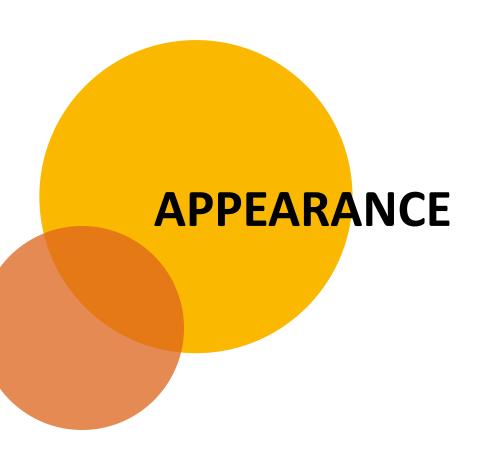

PURCHASES

making commercial transaction

that the platform fulfils

THE VIRTUAL BUSINESS PLATFORM

from the graphic perspective will be prepared in accordance with the client's applicable brand book, while maintaining full functionality, transparency and a modern graphic form.

The start page will allow participants to intuitively navigate the platform, including:

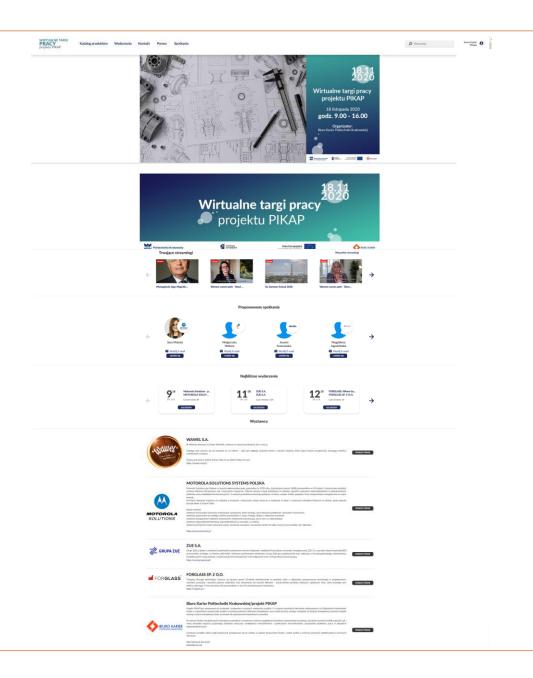

reaching the exhibitors

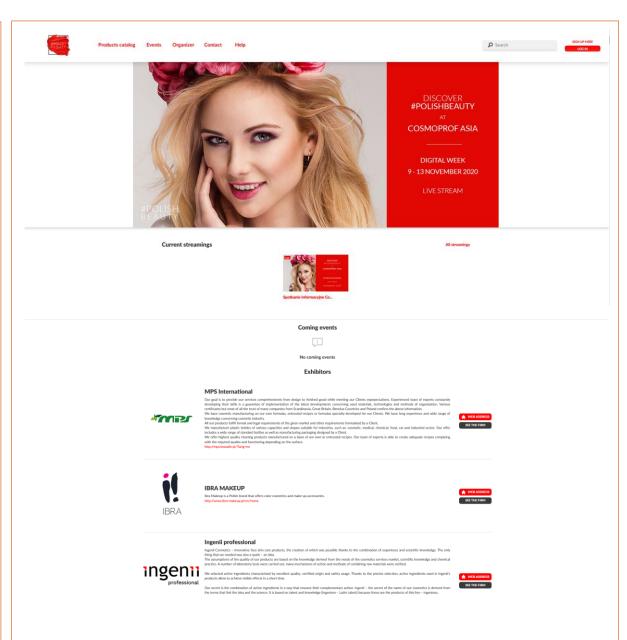

contacting with the exhibitor's representative

getting to know the exhibitor's offer

participating in a streaming

making purchases

BERM CREATIVE PRODUCTION GROUP

01

ADMINISTRATOR

a team responsible for the administrating of the virtual platform

02

ORGANIZER

institution or company that organizes the event

03

EXHIBITOR

a company presenting its products or services at the event

04

PARTICIPANT

a person or company declaring a desire to participate in the event

FUNCTIONALITY

the platform makes it possible to adapt it to each user group

ADMINISTRATOR

- creates packages for the exhibitors and the participants
- configures tags that facilitate contact between the exhibitor and the participant
- creates product categories together with the organizer
- manages the exhibitor profiles
- manages the participants of the event

ORGANIZER

THIS IS YOU!

- approves packages for the exhibitors and the participants
- approves tags that facilitate contact between the exhibitor and the participant
- creates product categories together with the administrator
- invites exhibitors to the event
- invites participants to the event

EXHIBITOR

- manages company data
- creates contacts to the representatives
- publishes promotional materials
- presents products or services
- manages the streaming
- keeps a calendar of meetings
- has access to statistics
- co-creates a virtual stand | this is an option

EXHIBITOR - PROFILE

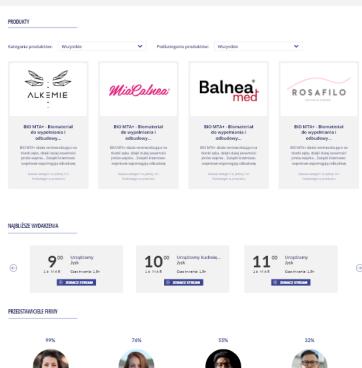

.... is the most important information about the exhibitor gathered in one place.

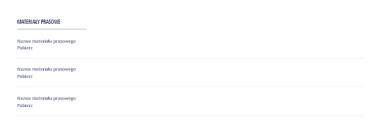

The exhibitor can manage his profile by posting: ------

- company data (name, address, tax id. number)
- logo/picture
- activity summary
- industry/sector
- contact to sales representatives
- product catalogs
- events | streaming

SEE HOW TO SET UP A PROFILE

EXHIBITOR - PRODUCT

.... is a presentation of a particular product offered by a given exhibitor.

When creating a product card, we can add a photo, video, description, technical specification and other useful information from a commercial point of view.

Performance and the

www.jysk.com

Pobierz prezentacje produktu

PARTICIPANT

- manages his meeting calendar
- participates in product presentations | streaming
- he reaches all the exhibitors in a short time

SEE HOW TO SET UP A PROFILE

Thanks to the extensive functionality in the field of match-making, it is possible to easily reach a given exhibitor, and thus the product.

Each of the exhibitor's representatives has an individual meeting calendar in which scheduled meetings are automatically saved.

Contact between the exhibitor and the participant is possible via a dedicated meeting room using the ZOOM communicator.

The participant receives a link to the meeting and provides the attached activation code when logging in.

The contact between the participant and the exhibitor is the most important function of the virtual business platform

webinars

conferences

press meetings

product presentations

roadshow

STREAMING

Live video coverage provided by both the organizer and the exhibitor

increasing the attractiveness of the event

more exhibitors and participants

03

supporting traditional activities with online events

reduction of participation costs

05

measurable benefits for the organizer

HYBRID EVENTS

combining stationary events with online events

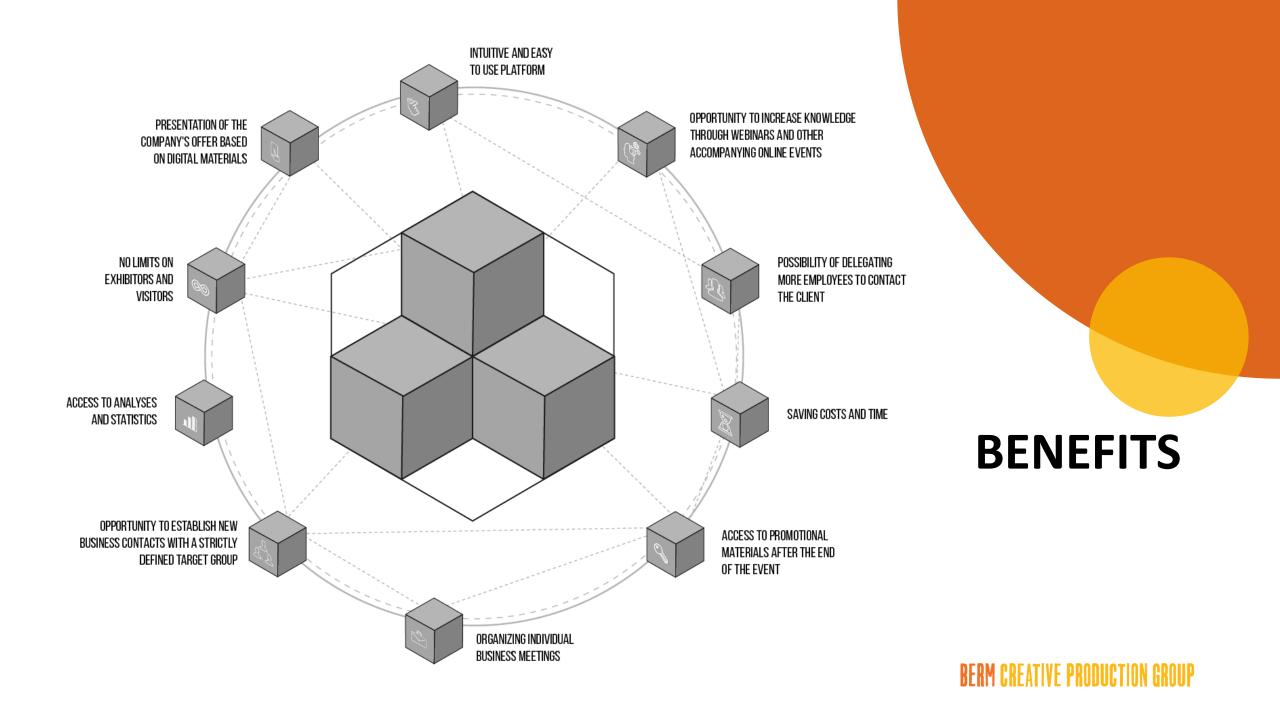

02 adding a logotype

adding video materials and graphics

04
adding promotional materials

VIRTUAL STANDS

Depending on the purchased package, the exhibitor can adapt the virtual stand to his own needs

- system implemented in accordance with the safety requirements of OWASP WSTG 4.1
- all data (including access data) are archived and stored in a secured database
- access to sensitive data is limited
- we apply all standards required by the GDPR
- we use artificial intelligence mechanisms
- we are ISO 27001 certified
- all data is send via encrypted HTTPS protocol
- the platform is resistant to DDOS attacks
- we handle traffic reaching several Gb/s

WE COSMOPROF BOLOGNE FAIR COSMOPROF ASIA FAIR

WeCosmoprof is the most important cosmetics fair in the world. Each edition attracts the attention of thousands of exhibitors and buyers.

Due to the coronavirus, subsequent editions take place only virtually.

Two editions of the project turned out to be a great success, both in terms of organization and business.

100 Polish exhibitors with 1,077 products presented themselves at the fair.

At the fair, the Polish virtual stand was visited by as many as 100 thousand people from around the world. Polish companies have established relationships with new contractors, which will certainly translate into an increase in exports and new industry results.

IMPLEMENTATIONS

#POLISH BIOTECH

BIO-EUROPE DIGITAL 2020 FAIR

There are about 300 companies from the biotechnology industry in Poland.

They employ over 12,000 people and use nearly 340 million for research.

Together with #PolishBiotech, we showed the strength of the Polish industry at the BIO-EUROPE!

26-29 October 2020

IMPLEMENTATIONS

#VIRTUAL JOB FAIR

PIKAP PROJECT

The PIKAP Virtual Job Fair is a great opportunity to get acquainted with many job offers that are available for students of the Krakow University of Technology.

By using the Virtual Business Platform, the companies participating in the fair had the possibility of direct contact with future employees, learning about their qualifications, knowledge and personality.
